EVOLUTION -vs.- DEVOLUTION

Entropic Chaotic Force, False Care, Laziness, Inaction, Wrong-Action
Exist outside the boundary of Natural Law and don't harmonize
with it, Wrong and Evil emerges to create Slavery and Chaos.
Self-Governing Behavior is done outside of the boundaries of
Natural Laws, negative devolution happens in false living.

You cannot "square the circle" perfectly in geometry. The circle has an
indefinite area, while the square's is definite. This is symbolic of man's
attempt to do things we can't, to create "laws" for ourselves and
stepping out of bounds, thinking we can do something we can't.

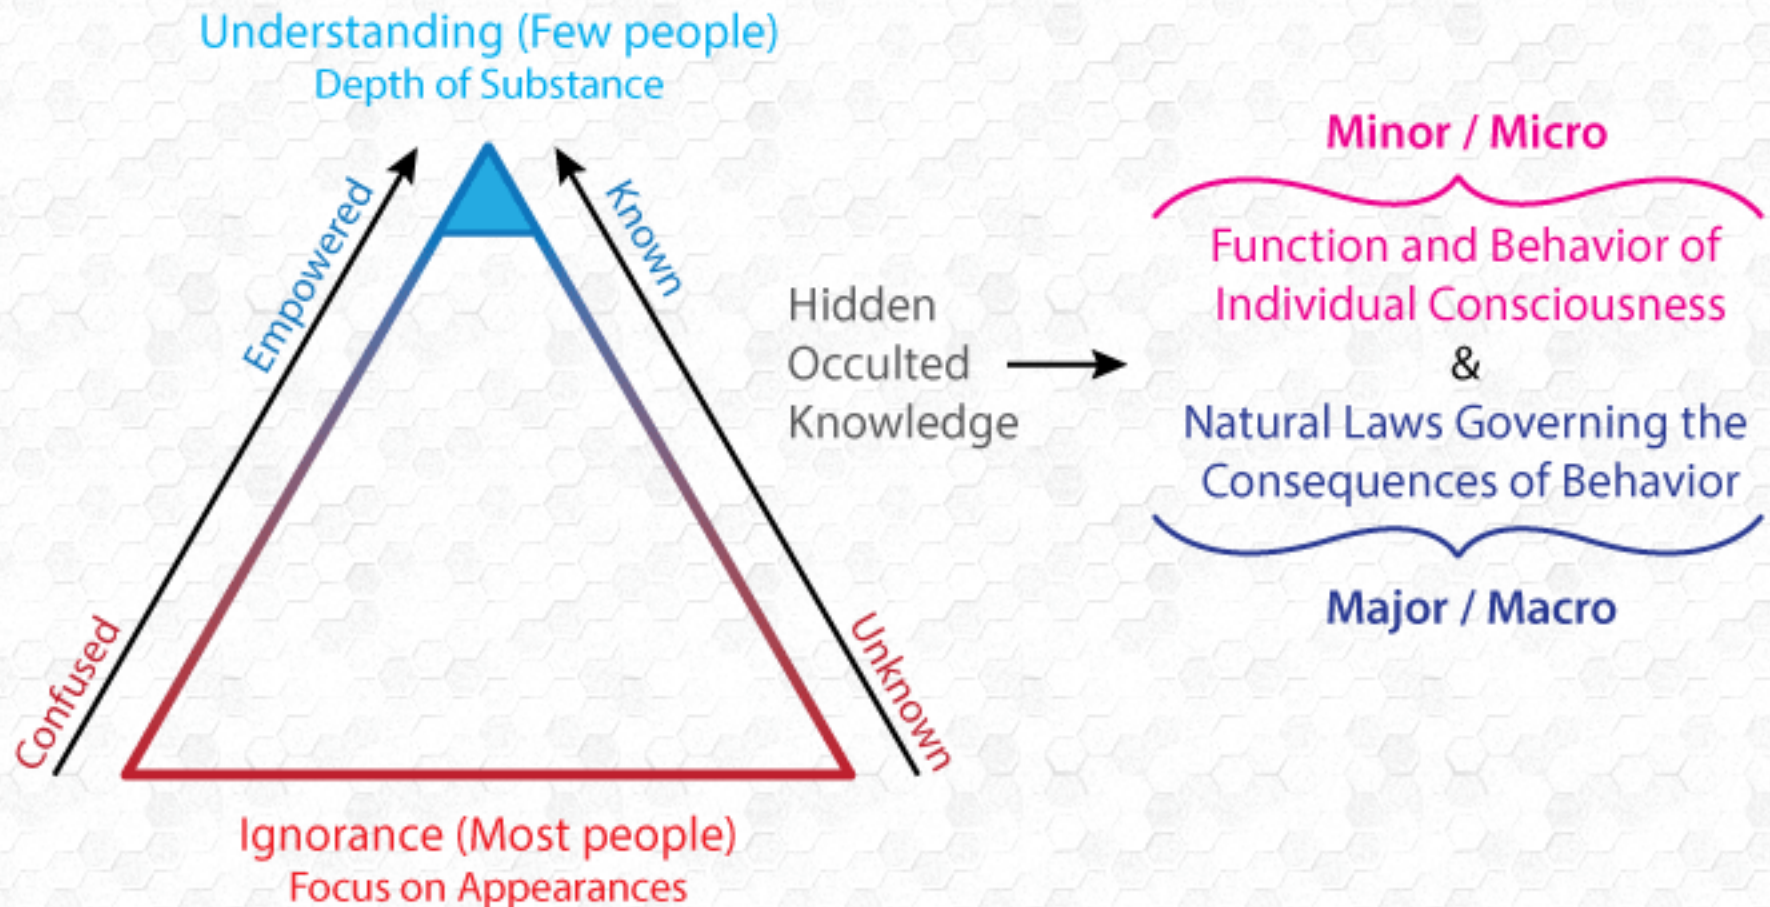

Syntropic Ordering Force, True Care, Will-Power, Right-Action
Exist in bounds of Natural Moral Law and in harmony with it,
Right and Good emerges to create True Freedom and Peace.
When Self-Governing (Self-Control, Sovereignty) is done within
the boundaries of Natural Laws, True Positive Evolution blossoms.

We exist both inside the universe and the boundaries that maintain it.
We can try to step outside of the boundary Law conditions, but we will
only create self-inflicted suffering. We don't live outside of them, we
only want to believe we can live outside of them in delusion & fantasy.

Power Differential

from Occulted Knowledge

evolveconsciousness.org

Knowledge To Be Known → Integration into ourselves → Understanding Known and Embodied

Knowledge of the functionality, behavior, motivations, drive and influence of the mind, psyche and consciousness empowers one in life. Ignorance of important knowledge is detrimental to survival and well-being. Those who have this knowledge and use it with their dark care, have the power to manipulate and control the minds of the confused.

Trinity of Consciousness Symbolism

Wisdom of Right Action

external conative active Sacred Masculine

Religio-"Son" (active Masculine)

"Divine Male Child" = wedding of "Father" (internal Masculine) + "Mother" (internal Feminine)
to produce external Masculine synthesis

Effects > Thoughts > Emotions > Actions

Green = Unified or Activated state
Blue = Internal or Receptive, Feminine
Red = External or Active, Masculine

I think, feel, and act
based on the existence of now and
what has come before now, i.e. the effects
manifested upon reality

Cause and effect are central.
Thought and Emotion alone get nothing
done in the manifested reality, but are
the foundations for right-action.

Causality, Consciousness, Trivium & Logic Tree-Symbolism

EFFECTS

TRUTH LEVEL 1: What 'is' or has manifested in reality; what is existing or has existed.

Leaves and branches are the manifested effects, symptoms, problems, results, output, etc. Focusing here has no power for real, lasting, effective change, the change has already taken affect. Plane of Effects

The roots are the causal factors. The core foundational axioms for living our life. The manifestation, essence, emanation and generative source. The power to really change for the better and make it last. Plane of Causality

TRUTH LEVEL 2: The Way of living in Truth, Love, Good, Right, Morality, Natural Law, etc.

CAUSES

③ **ACTIONS**
(external, seen)

How manifestation occurs.
How to live, what to do.

③ **RHETORIC**
WISDOM
OUTPUT

③ **RESPONSE**

Care to create a manifestation will drive us in certain directions and ways of living.

① **GRAMMAR**

① **THOUGHTS**

② **EMOTIONS**

② **LOGIC**
UNDERSTANDING
PROCESSING

Why manifestation occurs.

Logic brings the internal subjective realm into alignment with the objective rhythm of reality to produce harmonious external manifestations.

What has been output is available for input. Effects/events affect us.

① **STIMULUS**

INDUCTIVE
LOGIC

Imagining causes from effects

DEDUCTIVE
LOGIC

Verifying causes through effects

Greater capacity for thought allows us to process & understand our environment & events better.

No True Care?

Apathy for Truth keeps one in a stagnant state of ignorance of **Natural Law**, going in circles, continuing to perpetuate self-inflicted suffering.

Truth and Frequency of Perceptions

More info? evolveconsciousness.org

A Higher Frequency of contact or alignment of Perceptions with quality Truth, what 'is', and a Care to embody and become those values (what is right, good, true, moral, etc.), results in greater embodiment of Truth and a Higher Frequency of Consciousness.

Plane of Truth

Frequencies of Perceptions aligning with Truth
Frequencies of Consciousness from greater embodiment of Truth

Continuum, Spectrum, Scale or Degrees in the Frequency of Truth, Love, Good, etc.

A Dualistic Conceptual Framework

for perceiving, conceiving, understanding and navigating reality

False, Fear, Bad/Evil

Limited perception of reality, is limited access to Truth, is limited unity and embodiment of Truth, is limited Consciousness.

Truth, Love, Good

An aspect of Truth (variability, multiplicity, diversity of what 'is' in reality true), contacted, attained, aligned with, or embodied by the frequency.

A Higher Frequency of contact or alignment of Perceptions with quality Truth, what 'is', and a Care to embody and become those values (what is right, good, true, moral, etc.), results in greater embodiment of Truth and a Higher Frequency of Consciousness.
